REPLICATING ADVERSE DYNAMICS INSTRUCTOR CERTIFICATION: SIMULATION TRAINING FOR THE SELF DEFENSE EDUCATOR

This course has been developed by Lawrence N. Nadeau, creator of the Replicating Adverse Dynamics method and acclaimed simulation training pioneer. Designed to teach self-defense instructors and personal protection specialists the fundamentals of replicating adverse dynamics in training environments, this state-of-the-art program is an absolute must for any self-defense educator. This course explores the most critical issues of simulation training, concentrating on productive drills and scenarios, implementation of those drills and scenarios, supervision and safety. This reality based simulation scenario driven program covers situational dynamics from one on one hand to hand confrontation, multiple subject encounters and weapon defense training issues. Instructors will learn how to expand their program capabilities and take their training to the next level of reality based intensity. Graduates will be able to conduct dynamic, realistic and safe simulation exercises in any self defense training venue. Registration includes an Instructor Curriculum, long sleeve instructor shirt and discounts on new and used equipment. **Introductory tuition for this program is \$300.00.** To enroll please complete the registration form below and mail or fax, with purchase order, check or credit card information to:
